I understand what a noun is. | LessonID: 204

Nouns are used for naming people, places, things or ideas. Different types of nouns have different names and are used to name different things.

Draw lines to match the type of noun with what it names.

Type of noun

Common nouns

Proper nouns

Abstract nouns

Collective nouns

What they name

Name things that can't be seen
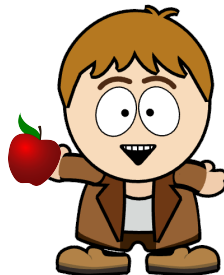

Name groups

Name general things

Name specific things

Here are some objects that can be named in a sentence. For each one, decide what type of noun is being used to name it.
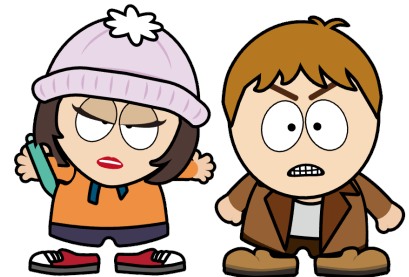

The **dog** was awake.

☐ Common noun
☐ Proper noun
☐ Abstract noun
☐ Collective noun

Ben loves apples.

☐ Common noun
☐ Proper noun
☐ Abstract noun
☐ Collective noun

Anger filled the room.
