I can use commas in more complicated lists.          LessonID: 292

Commas can be used between items in lists. They go between each item apart from the last two, which may be linked with the conjunction 'and' or 'or'. Some of the items in the following lists already contain the word 'and', so take extra care as you add the missing commas.

In my basket I have chocolate and toffee ice-cream oranges lemon and lime fruit juice and bananas.
