I can identify common nouns.

LessonID: 205

**Common nouns** give things **general** names. They don't need capital letters unless they come at the start of the sentence. For each sentence below, circle the common noun(s) being used.

- 1 I got the new album yesterday.
- 2 The boy rushed to help the girl.
- 3 I'd love to be a vet and work with animals.
- 4 Sally loves to arrange flowers.
- 5 Frogs live in ponds.
- 6 The teacher put on his blue tie as he walked to school.

Now see if you can write a single sentence that includes each of the nouns given below. Remember, they only need a capital letter if they come at the start of the sentence.

cat

.....

newspaper

.....

cloud

.....

Sentence number six above included three common nouns. How many can you include in a single, sensible sentence? Test it out first, then copy it neatly below, circling the common nouns.
