

Name: \_\_\_\_\_

Date: \_\_\_\_\_

I can use a range of operators in my programs.

LessonID: 190

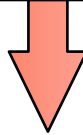

Working in a small group, complete this programming flow chart to help you break the task down into smaller chunks.

**Client** (who are you making this program for?)

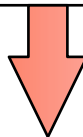

**Audience** (who will use your program?)

**Aim** (what is the purpose of the program?)

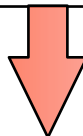

**Program Function 1**

**Program Function 2**

**Program Function 3**

**Program Function 4**
