

Name: \_\_\_\_\_

Date: \_\_\_\_\_

I can use a range of operators in my programs.

LessonID: 190

Your task is to design, program and test a maths quiz to help children revise place value. Generate a random number then get the player to work out the number that is one more or one less.

## Place Value Challenge

This is a complicated challenge, so use the programming workflow sheet to help you identify the steps that are needed.
