I know what adjectives are and I understand why they're important.

LessonID: 224

Adjectives describe nouns. They help make it clear exactly which noun we're referring to, or add more detail to describe the noun. For each sentence below, write **N** for noun and **A** for adjective to label the nouns and adjectives. Some labels will be left blank.

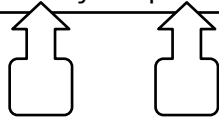

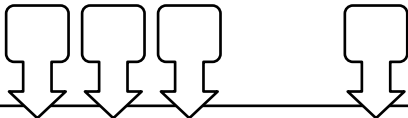

The angry dog growled loudly.

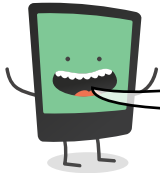

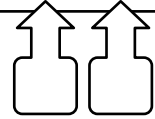

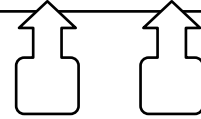

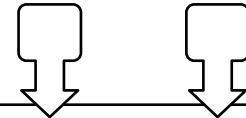

Excitedly, Ben grabbed his new pen.

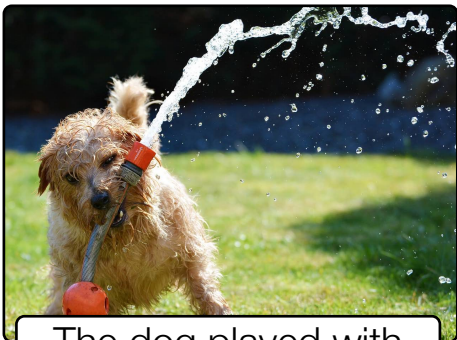

The large red box was placed in the messy cupboard.

The impatient journalist started to interview the nervous actor from the new film.

For each example below, **improve the sentence** by adding appropriate adjectives. See if you can start some of your sentences with a **pair of adjectives**.
