I understand what pronouns are.   LessonID: 229

Pronouns are words that **replace** nouns. They help sentences sound less repetitive or boring. For each sentence below, you're told how many pronouns there are to find. Draw a circle around each pronoun.
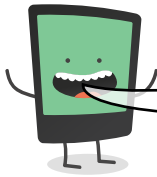

② Can you pick it up?

③ They cooked food for themselves but decided to share it with their friends.

① Ben likes her very much.

③ I can't believe that you haven't heard of him before.

① Let me grab my bag.

④ Paul enjoyed it but they wouldn't let him do it again.

When using pronouns, it's important to know what the pronoun is referring to. For each sentence below, tick to show what the pronoun is referring to. Some are easier than others.

☐ Ben
☐ turn
☐ computer

Ben knew it would soon be his turn on the computer.

☐ Sally
☐ class
☐ fast-food

Sally explained to the class how most fast-food is unhealthy, but some can be healthier than others.

Most cities, such as London and Paris, have an underground rail network. Others, such as Canterbury, rely upon taxis and busses to transport their citizens.

☐ London
